## ***Faculty Recognition***

### ***CHEMINARS***

For the fall term, the seminar program will be under the leadership of Dr. **Ioannis Spanopoulos** (Assistant Professor).

Dr. Spanopoulos is planning a series of seminars for the fall term on appropriate Wednesdays August 31- November 16.

Dr. Spanopoulos

### ***Schneller Legacy Lecture***

This lecture was established by **Stew** and **Aina Schneller** as an endowment to annually honor those USF Chemistry faculty who served from 1960 to 1970. Dr. **James Leahy** presented Dr. **Stew Schneller** making the introduction via video because he was unable to attend in person.

The 2022 recipient was Dr **Guangbin Dong**, Professor of Chemistry, the University of Chicago.

### ***Degree Progress***

*Commencement* At the most recent commencement, more than 6400
