I. EDUCATION

- 2008 Ph.D. Geography, Florida State University
 Dissertation: Network analysis of fish and wildlife space-use patterns
- 2004 M.S. Natural Resources, The Ohio State University
 Thesis: Population status and habitat utilization of breeding greater sandhill cranes in Ohio
- 2001 B.S. Natural Resources (Honors), The Ohio State University
 Thesis: Vertical migration of the freshwater mussel *Pyganodon grandis grandis* during late summer and autumn

II. PROFESSIONAL APPOINTMENTS

- 2016— Associate Chair, School of Geosciences, University of South Florida
- 2013— Associate Professor, School of Geosciences, University of South Florida
- 2008—2013 Assistant Professor, Department of Geography, University of South Florida
- 2004—2008 Teaching Assistant, Geography, Florida State University
- 2001—2004 Research Associate, Terrestrial Wildlife Ecology Laboratory, The Ohio State University

III. RESEARCH

A. Interests

My research aims to develop new methods of spatial analysis and modelling that can be broadly applied within GIScience and related fields. Specific statistical and mathematical approaches of interest include: computational movement analysis, agent-based modelling, spatial optimization, and point pattern analysis. Application areas of interest encompass a variety of topics, including wildlife ecology, public health and safety, crime science, and transportation. I am also interested in geovisualization, particularly in how it facilitates spatial analysis and modelling.

B. Grants and Awards

External Grants

Internal Grants

- [3] Research & Development Grant, 2012, USF College of Arts & Sciences (\$4500).
- [2] Faculty International Travel Grant, 2010, USF Division of Sponsored Research (\$2500).
- [1] New Researcher Grant, 2009, USF Division of Sponsored Research (\$7691).

Awards

- [3] Best Full Paper, 2010, 6th International Conference on Geographic Information Science.
- [2] Dewey Stowers Research Award, 2009, USF Department of Geography (1 course release).
- [1] Best Paper, 2007, Ph.D. Honors Competition, SouthEastern Division of the Association of American Geographers Annual Meeting, Charleston, SC (\$1000)

C. Refereed Journal Articles and Book Chapters

- [39] Rebecca Loraamm, Joni Downs, Robert Alonso Bair, and Daniel Yeh. 2017. Towards food service sustainability in suburban environments by optimally locating shared anaerobic digester units. **Suburban Sustainability** 5 (1): 2.
